DON'T GET SAUCY.

Filling half your plate with fruits and veggies? Good for you! Just make sure you don't always smother all that goodness in cheese sauce or sugar or syrup. A little olive oil on some sauteed fresh veggies is fine, but drenching veggies in butter? Not so much.

EAT BETTER. PLAY HARDER. LIVE HEALTHIER. LEARN EASIER.
WELLNESS IS A WAY OF LIFE!

★ OUR NATION'S HISTORY ★

On November 11, 1918 at the stroke of eleven o'clock a.m. -- the 11th hour of the 11th day of the 11th month -- the treaty that ended World War I was signed. But, in a way, the so-called "war to end all wars" only ended for us in 2011. Earlier this year, the last survivor among 5 million American veterans of that war, Frank W. Buckles, died at the age of 110. Mr. Buckles,

pictured above as a 17-year-old and, right, in a more recent photo, lied about his age to enlist at sixteen. He was

buried with full honors at Arlington National Cemetery near Washington, D.C. Please remember Mr. Buckles and all of our brave servicemen on Veteran's Day, November 11.

NUTRITION TO GO

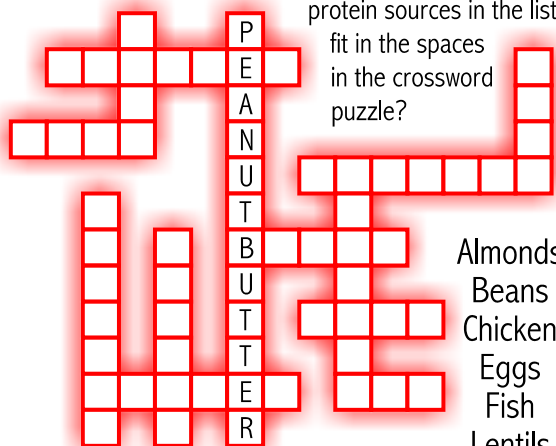

Cheese is a big source of fat in a typical American's diet. A bagel sandwich with lean ham, scrambled egg, and one slice of American cheese contains about 12 grams of fat and 5 grams of saturated fat. The same bagel without cheese contains 6 grams of fat and 1 gram of saturated fat.

A TASTY MORSEL FOR PARENTS

Protein Power!

Steaks and hamburgers and other kinds of beef are loaded with protein. But a lot of red meat is also very high in fat and saturated fat. That's why experts tell us we should only eat beef once in awhile. Luckily, there are lots of other good sources of protein. Six ounces of salmon, for example, contains almost as much protein as a 6-ounce porterhouse steak -- but with less than 1/2 the fat and 1/4 of the saturated fat. Can you make all of the protein sources in the list fit in the spaces in the crossword puzzle?
